Don't waste your time hunting all over for parts for your GMC Sierra. Whether it's for scheduled maintenance or a repair job, we have what you need. Hi, I'm about ready to change the fuel pressure regulator. In my Chilton repair manual it says that there is a vacuum line connected to the fuel pressure regulator, but there wasn't a vacuum line connected to it when I pulled the upper plastic manifold cover off. Usually the hardest part about maintaining a car or truck is searching for a reasonable source for outstanding parts. If your GMC Sierra 1500 needs maintenance, the optimum answer is installing a new first-rate replacement or OEM part to keep your car in the best shape. The fuel pump is critical for delivering fuel from your car's gas tank to the engine. We offer gas and diesel pump brands including: Airtex, Autobest, Delphi, Bosch, VDO, Spectra Premium, Carter, Action Crash, Beck Arnley, Genuine, Denso, Professional Parts Sweden, Pierburg, Motorcraft & AC Delco.
