

Download Business Objects Manual

Overview: This is a step by step tutorial and user guide on how to configure your universe parameters. I will describe in details all options and features that can be accessed by this window then I give a detail example about how to configure a universe. The ability to publish and schedule reports according to one's profile is an important feature that we have in Business Objects. For example, if I am a plant manager for a the West Region and want to receive a daily report on work quality, it would be very beneficial if I can receive a report in my inbox daily that only contains results for the West Region. Hi, I follow all this steps.. everything works fine.. but! I add the AD Group, but the group is empty although in the former systems (synthetically I have two server BO: the former with BI 4.1 SP5 where the AD Group is imported and works and the new with BI 4.2 SP4 where the AD Group hasn't any user inside) everything works fine. RoSPA is one of the longest running providers of manual handling training courses in the UK, and offers crucial health and safety training for all organisations
