Hitachi Heat Pumps. The new range of heat pumps includes the new Yutaki-SCombi which is an all-in-one, pre-plumbed and pre-wired heat pump and hot water system with exceptional efficiencies and low noise levels. Explanation of Inverter Technology. Air Conditioner with Full DC Inverter Technology. All air conditioners with inverter are outfitted with an inverter compressor that allows the compressor to run at different speeds, gradually reaching cooling temperature at start up. A cosmopolitan affair. ISK-SODEX Istanbul, recognised as the third-largest HVACR fair, globally, received a more diverse range of international visitors in its 2018 edition, thus providing a snapshot of global trends driving the industry.
