

Download Written Directions On Making Rubber Band Bracelets

I made these little pixies to play with the grandsons when they come to visit. They had a grand time making the pixies jump into the egg carton cups, or I should say, " trying to get them into the cups."Our final easy alien craft idea for kids is turning a plain candle into a spooky alien candle. This project is another one that would spice up an outer space birthday party or would even make a cute decoration and fun kid activity for Halloween.Below you will find the supplies you will need and easy to follow directions for making an alien inspired candle.Parabo is a different kind of print service for design-minded photo takers.10. Paper Beads Have you tried making paper beads?Use different recycled paper for colorful unique beads! Here's the tutorial we used to make them on Red Ted Art. 11. Toilet Paper Roll People This was a hit at our co-op preschool a few years back. Have children decorate toilet paper rolls as people using googly eyes, fabric scraps, pipe cleaners, and yarn.
